To Whom It May Concern:

Re:- Alan Philips

Dear Sir / Madam

I have had the pleasure of working with Alan over the past 5 years on different events where I supply stage, sound and lighting whilst Alan provides 'The Voice'. I have found Alan to be not only an efficient and capable MC but he has also had that 'X Factor' that allows him to relate with the crowd, no matter how big or small, young or old and make them feel comfortable and part of the event. Alan speaks clearly and fluently and can be humorous or serious, whichever the situation calls for.

His flexibility to adapt to the changing demands of MC work is relaxed and accommodating – and all taken in his stride.

I look forward to working with Alan more in the future and would not hesitate to recommend him to anyone.

Kind regards

Andrew Johnston
